

**VISTEON CORPORATION SPIN-OFF
NOTIFICATION OF NEW CANADIAN TAX TREATMENT**

On June 28, 2000, (the "Distribution Date"), Ford Motor Company ("Ford") distributed all of the common shares of Visteon Corporation ("Visteon") owned by Ford to Ford Common and Class B shareholders of record as of the close of business on June 12, 2000 (the "Record Date"). Unless you sold your right to receive Visteon shares before the distribution date, you received 0.130933 shares of Visteon for each Ford share you owned as of the Record Date.

We are pleased to advise that on June 14, 2001 the Canadian *Income Tax Act* was amended so that foreign spin-off dividends can now be received by Canadian shareholders on a tax-free basis at the election of shareholder. Ford has received confirmation from the Canada Customs and Revenue Agency that **the receipt of Visteon shares will be tax-free for Canadian income tax purposes, provided that the Ford shareholder files (i.e. mails through the Canadian postal system) an election in writing on or before September 11, 2001.** If you make the election, you may be entitled to a refund of Canadian income taxes previously paid in respect of the Visteon spin-off.

If you elect tax-free treatment, you are required to allocate the adjusted cost base ("ACB") of your Ford shares as of June 28, 2000, immediately prior to the distribution, between your Ford shares and your Visteon shares received based on their relative fair market values on June 28, 2000. Based upon the average high and low composite prices of Ford and Visteon on the New York Stock Exchange on June 28, 2000, 96.07% of your ACB in your Ford shares should be allocated to your Ford shares, and the remaining 3.93% should be allocated to your Visteon shares (including any fractional share interest). If you received cash in lieu of fractional shares, you will be treated as having sold the fraction for the amount of cash received and you would report the capital gain or loss on that sale equal to the difference between your ACB in the fractional share of Visteon (determined using the above methodology) and the amount of cash received.

You should note that if you participated in Ford's spin-off of Associates First Capital Corporation on April 7, 1998 and plan to elect tax-free treatment in respect of the Associates spin-off, you should first take into account the ACB adjustment arising from the Associates spin-off prior to determining the ACB of your Ford shares immediately before the Visteon spin-off.

An example of the ACB allocation is shown on the reverse side of this notification.

In addition, if you decide to make the election and on or after June 28, 2000 you have sold any or all of your Ford shares or Visteon shares, your previously reported capital gains in respect of those transactions will increase (or capital losses will decrease) based on the requirement to allocate a portion of the ACB of your Ford shares to your Visteon shares.

If you sold your Ford shares after the Record Date but before the Distribution Date, you should contact your tax advisor to determine how to allocate the ACB of your Ford shares.

You should consult your tax advisor regarding the decision to make the election and the application of this new tax law to your particular circumstances.

ACTION REQUIRED TO ELECT TAX-FREE TREATMENT

- **If you wish to elect tax-free treatment, you must file (i.e. mail through the Canadian postal system) an election in writing on or before September 11, 2001.**
- **In order to assist you, we have attached a suggested election letter to be completed by you and sent to your District Taxation Office.** The address is indicated on the notice of assessment you receive each year from the Canada Customs and Revenue Agency.
- You should retain this information to support the determination of your ACB in your Ford and Visteon shares.

EXAMPLE OF VISTEON CALCULATIONS
(all amounts in Canadian \$ unless otherwise indicated)

IMPACT IN 2000

- Assume you owned 100 shares of Ford stock with a total adjusted cost base ("ACB") of \$4,000 (i.e., \$40 per share).
- You received 13.0933 shares of Visteon stock as a result of the spin-off distribution. The Visteon shares received had a fair market value of \$253 (13.0933 Visteon shares received times US\$13.09 per Visteon share times the Canadian exchange rate on June 28, 2000 of 1.4786).
- As a result of the election, your 2000 income for tax purposes will decrease by the previously reported foreign income of \$253 (the fair market value of the Visteon shares received on June 28, 2000).
- The ACB of your Ford shares would be reduced to \$3,842.80 (96.07% of \$4,000) or \$38.43 per share (\$3,842.80 divided by 100 shares)
- The ACB of your Visteon shares would be \$157.20 (3.93% of \$4,000) or \$12.01 per share (\$157.20 divided by 13.0933 Visteon shares).

IMPACT WHERE SALE OF FORD OR VISTEON SHARES AFTER JUNE 28, 2000

Assume further that during July 2000 (for example) you sold your 100 Ford shares for \$6,500 (100 shares times \$65 per share).

	<u>Original 2000 Capital Gain</u>	<u>Revised 2000 Capital Gain</u>	<u>Increase (Decrease)</u>
Sales Proceeds	\$6,500	\$6,500	
Less: Tax Cost	<u>4,000</u>	<u>3,843</u>	
Capital Gain	<u>\$2,500</u>	<u>\$2,657</u>	<u>\$157</u>
Taxable capital gain (67%)*	<u>\$ 1,675</u>	<u>\$ 1,780</u>	<u>\$105</u>

* Please note that if the sale date is after October 17, 2000, only 50% of the capital gain would be taxable.

- The increase in the taxable capital gain occurs because the ACB used in the calculation of your 2000 capital gain must be revised to reflect the ACB adjustments described above. The revised ACB of the sold Ford shares will be \$3,843 (100 shares times the revised ACB of \$38.43 per Ford share).

COMBINED YEAR 2000 IMPACT

- Your total taxable income will decrease by \$148 (reversal of your 2000 foreign dividend income of \$253 less the increase in your 2000 taxable capital gain of \$105) as a result of making the election.
- The amount of your net tax refund is determined by multiplying the change to taxable income by your marginal tax rate for the year.

ELECTION

Remember, you must file (i.e. mail through the Canadian postal system) an election in writing by September 11, 2001 in order to receive a tax refund as a result of the law change. A suggested election letter is attached to this notification.
