

## 2012 Ford Explorer and Ford Edge: SYNC with MyFord Touch

SYNC® with MyFord Touch™ driver connect technology adds the connectivity of SYNC with more than 10,000 voice commands, an 8-inch color touch screen and two 4.2-inch LCD screens in the instrument cluster. Together these elements create an interactive, rich interface that makes vehicle functions, settings and information easily accessible to the driver through voice, steering wheel controls or with a simple tap on the touch screen.

SYNC with MyFord Touch is standard on the 2012 Ford Explorer Limited and Ford Edge Limited and Sport models, and optional on Explorer XLT and Edge SEL.

### Vehicle control screen

Provides display for:

- Trip odometer
