Corporate Sustainability Assessment Results

Explanations:	Company Score (%)	Average Score (%)	Best Score (%)	Weighting of Dimension or Criteria in Total Score (%)
The scores reflect the company's performance across economic, environmental and social criteria compared to its industry average, best and worst performing company in the DJSI World and DJSI STOXX in the company's industry. The values for the total score, the dimension and the criteria scores are on a scale from 0 to 100%. Their weighting in the total score is shown in the last column. The DJSI Guidebooks on www.sustainability-index.com contain further information on the assessment methodology.	is the actual score of the company	is the industry group's average score	is the highest score reached by a company in the specific industry	is the weighting of the dimension respectively criteria to calculate the total score
