

Post-Unit Project Ideas America Invents

Activity Sheet 1

Do you already have an innovation that you want to share? Share your innovation with us. Maybe you will get profiled under America Invents on the OnInnovation website.

It's simple. Follow these steps:

Name: _____ Age/Grade: _____ School: _____

Parent/Teacher Name: _____

Address: _____

Email: _____ Phone: _____

Title of Innovation: _____

Name of partner(s) if any: _____

Please send us one of the following about your innovation, showcasing how it works:

1. A 3-minute video pitch (need to specify file type) or a 5-slide PowerPoint presentation
2. How does your innovation meet an existing need (100-word essay on a word document)?

Email to: education@thehenryford.org

Post-Unit Project Ideas

You Can Be an Innovator

Activity Sheet
Page 1

Are you inspired after learning from past and present innovators? Get started with these thought starters.

1. If you could invent or improve something, what would it be?

2. Why do you think it's important to innovate and improve this particular item?

3. What are the qualities you have that are similar to those of the innovators you met at www.OnInnovation.com?

4. How do you think your innovation will help you and others?

5. Who motivates you to innovate (parent, teacher, sibling, friend, grandparent, neighbor, other)?

6. Can you work on this innovation alone, or do you need a partner or a team? Who will you choose as your partner?

My partner will be:

My innovation team will be made up of these people:

7. What additional knowledge and skills do you need to acquire before you innovate?

8. What steps will you follow in your own process of innovation?

9. How will you know that you have succeeded with your innovation?

10. What will you do if your innovation fails?
