Take it forward.™

Savor an American original — ragtime music. You'll hear Scott Joplin rags like "Maple Leaf Rag" and "The Entertainer." But there's much, much more as dozens of other musicians travel from all over the country to perform on multiple stages throughout Greenfield Village. It's syncopated, jazzy, hot and live. Fresh summer food, too, and dancing in the streets. And we're open 'til 9 on Saturday night.
