Secret Ocean 3D

Jean-Michel Cousteau, alongside marine biologist Holly Lohuis, invites audiences to dive into this whole new world that will leave the viewer in awe of the beauty and diversity of our oceans - the source of all life on our planet - and inspire an even stronger desire to protect them for future generations.

Humpback Whales

Humpback Whales will take audiences to the faraway places where humpbacks live and thrive. From the clear turquoise waters of the South Pacific to Africa, Hawaii and Alaska, this fantastic ocean adventure will reveal what we know about this giant mammal and what mysteries scientists are determined to solve.

Island of Lemurs 3D

The film takes audiences on a spectacular journey to the remote world of Madagascar, where lemurs arrived millions of years ago as castaways. The film also highlights the efforts of scientist Dr. Patricia Wright and her lifelong mission to help these strange and adorable creatures survive in the modern world.

Penguins 3D

Narrated by David Attenborough, this film celebrates the destiny of a very special King Penguin, who returns to his birthplace in the sub-Antarctic. Somehow our hero must earn his place among the island inhabitants and fulfill his destiny by finding a mate and raising a family.

D-DAY 3D: Normandy 1944

This film is a Giant Screen documentary that provides a new, penetrating look at this moment in history in a unique manner to both teach and remind audiences of the largest-ever Allied operation and its lasting effect on the world. (The film is appropriate for all ages.)
